

in order to support the eligible veteran's health and well-being, and perform personal functions required in everyday living ensuring the eligible veteran remains safe from hazards or dangers incident to his or her daily environment.

Primary care team means a group of medical professionals who care for a patient and who are selected based on the clinical needs of the patient. The team must include a primary care provider who coordinates the care, and may include clinical specialists (e.g., a neurologist, psychiatrist, etc.), resident physicians, nurses, physicians' assistants, nurse practitioners, occupational or rehabilitation therapists, social workers, etc., as indicated by the needs of the particular veteran.

Primary Family Caregiver means an individual who meets the requirements of § 71.25.

Secondary Family Caregiver means an individual who meets the requirements of § 71.25.

Serious injury means any injury, including traumatic brain injury, psychological trauma, or other mental disorder, incurred or aggravated in the line of duty in the active military, naval, or air service on or after September 11, 2001, that renders the veteran or servicemember in need of personal care services.

Undergoing medical discharge means that the servicemember has been found unfit for duty due to a medical condition by their Service's Physical Evaluation Board, and a date of medical discharge has been issued.

VA refers to the Department of Veterans Affairs.

(Authority: 38 U.S.C. 501, 1720G)

§ 71.20 Eligible veterans and servicemembers.

A veteran or servicemember is eligible for a Primary or Secondary Family Caregiver under this part if she or he meets all of the following requirements:

- (a) The individual is either:
 - (1) A veteran; or
 - (2) A member of the Armed Forces undergoing a medical discharge from the Armed Forces.
- (b) The individual has a serious injury, including traumatic brain injury,

psychological trauma, or other mental disorder, incurred or aggravated in the line of duty in the active military, naval, or air service on or after September 11, 2001.

(c) Such serious injury renders the individual in need of personal care services for a minimum of 6 continuous months (based on a clinical determination), based on any one of the following clinical criteria:

(1) An inability to perform an activity of daily living.

(2) A need for supervision or protection based on symptoms or residuals of neurological or other impairment or injury, including traumatic brain injury.

(3) Psychological trauma or a mental disorder that has been scored, by a licensed mental health professional, with Global Assessment of Functioning (GAF) test scores of 30 or less, continuously during the 90-day period immediately preceding the date on which VA initially received the caregiver application. VA will consider a GAF score to be "continuous" if there are at least two scores during the 90-day period (one that shows a GAF score of 30 or less at the beginning of the 90-day period and one that shows a GAF score of 30 or less at the end of the 90-day period) and there are no intervening GAF scores of more than 30.

(4) The veteran is service connected for a serious injury that was incurred or aggravated in the line of duty in the active military, naval, or air service on or after September 11, 2001, and has been rated 100 percent disabled for that serious injury, and has been awarded special monthly compensation that includes an aid and attendance allowance.

(d) A clinical determination has been made that it is in the best interest of the individual to participate in the program.

(e) Personal care services that would be provided by the Family Caregiver will not be simultaneously and regularly provided by or through another individual or entity.

(f) The individual agrees to receive care at home after VA designates a Family Caregiver.

(g) The individual agrees to receive ongoing care from a primary care team

Department of Veterans Affairs

§ 71.25

after VA designates a Family Caregiver.

(Authority: 38 U.S.C. 501, 1720G(a)(2))

§ 71.25 Approval and designation of Primary and Secondary Family Caregivers.

(a) *Application requirement.* (1) Individuals who wish to be considered for designation by VA as Primary or Secondary Family Caregivers must complete and sign a joint application, along with the veteran or servicemember. Individuals interested in serving as Family Caregivers must be identified as such on the joint application, and no more than three individuals may serve as Family Caregivers at one time for an eligible veteran, with no more than one serving as the Primary Family Caregiver.

(2) Upon receiving such application, VA will perform the clinical evaluations required by this section; determine whether the application should be granted; and, if so, whether each applicant should be designated as identified in the application.

(3) An application may be put on hold for no more than 90 days, from the date the application was received, for a veteran or servicemember seeking to qualify through a GAF test score of 30 or less but who does not have a “continuous” GAF score available.

(b) *Eligibility to serve as Primary or Secondary Family Caregiver.* In order to serve as a Primary or Secondary Family Caregiver, the applicant must meet all of the following requirements:

(1) Be at least 18 years of age.

(2) Be either:

(i) The eligible veteran’s spouse, son, daughter, parent, step-family member, or extended family member; or

(ii) Someone who lives with the eligible veteran full-time or will do so if designated as a Family Caregiver.

(3) There must be no determination by VA of abuse or neglect of the eligible veteran by the applicant.

(4) Meet the requirements of paragraph (c) of this section, and any other applicable requirements of this part.

(c) *Assessment, education, and training of applicants.* Before VA approves an applicant to serve as a Primary or Secondary Family Caregiver, the applicant must:

(1) Be initially assessed by a VA primary care team as being able to complete caregiver education and training. Such assessment will consider any relevant information specific to the needs of the eligible veteran, as well as:

(i) Whether the applicant can communicate and understand details of the treatment plan and any specific instructions related to the care of the eligible veteran (accommodation for language or hearing impairment will be made as appropriate); and

(ii) Whether the applicant will be capable of following without supervision a treatment plan listing the specific care needs of the eligible veteran.

(2) Complete caregiver training and demonstrate the ability to carry out the specific personal care services, core competencies, and other additional care requirements prescribed by the eligible veteran’s primary care team.

(d) *Caregiver education and training.* For the purposes of this section, caregiver training is a program of education and training designed by and provided through VA that consists of issues that are generally applicable to Family Caregivers, as well as issues specific to the needs of the eligible veteran. During this program of education and training, family members are eligible for beneficiary travel under 38 CFR part 70. Respite care will be provided during the period of initial caregiver instruction, preparation, and training if the participation would interfere with the provision of personal care services to the eligible veteran. Caregiver training will cover, at a minimum, education and training concerning the following core competencies:

(1) Medication management;

(2) Vital signs and pain control;

(3) Infection control;

(4) Nutrition;

(5) Functional activities;

(6) Activities of daily living;

(7) Communication and cognition skills;

(8) Behavior management skills;

(9) Skin care; and

(10) Caregiver self-care.

(e) *Initial home-care assessment.* No later than 10 business days after completion of Caregiver education and training, or should an eligible veteran
